

## SENIOR SCHOOL CURRICULUM

The school places the highest priority on providing students with the opportunity to complete their SACE certificate locally, so they can access work, tertiary, and further training pathways. SACE completion has been 100% for nine of the last ten years, and students wishing to access university have been able to access their first choice of course. Employment of school-leavers, in the general workforce or as apprentices, is well over 90%.

In 2013, the school offers the following subjects face-to-face in its Senior Years Programme:

<b>Year 10:</b>	<b>English</b> <b>Science</b> <b>Personal Learning Plan</b> Art Agricultural Science Home Economics	<b>Mathematics</b> <b>Society &amp; Environment</b>  Physical Education Technical Studies Community Studies
<b>Year 11:</b> (Stage 1)	<b>English</b> <b>Integrated Learning</b> Biology Physics Community Studies Food and Hospitality	<b>Mathematics</b>  Chemistry Physical Education Technical Studies
